

Application No.: 10/606911

Case No.: 55313US010

**Amendments to the Specification:**

Please amend the specification as follows:

On page 4, line 6 after the word "sheeting" please add the following

--In yet another embodiment the method further comprises partially tearing the carrier along a plurality of discontinuities provided therein during the step of applying the adhesive surface of the sheeting to a flexible substrate on the vehicle.--
